3-D Imaging: Enhancing the diagnostic accuracy of your practice with CBCT

Featured Speakers:

Dr. Alan Dalessandro, DDS

has given many lectures on the use of Cone Beam CT anatomy regarding diagnosis, pathology, and implant placement. He is one of the early adopters of Cone Beam CT scanning and this technology has been successfully used in his practice for the last several years.

Dr. Richard Monahan, DDS, MS, JD

has lectured/ published nationally/ internationally on all aspects of maxillofacial imaging. He is currently Department Head, Oral Medicine and Diagnostic Sciences Division Director, Oral and Maxillofacial Radiology.
