College of Dentistry GUIDELINES and NORMS:
“CRITERIA AND GUIDELINES FOR APPOINTMENT, PROMOTION AND/OR TENURE OF FACULTY”

• SECTION I. Introduction

• SECTION II. Academic Ranks – Defines eligibility and credentials

• SECTION III. Faculty Tracks / Norms, Standards and Expectations for Academic Rank

Qualifications expected for appointment and promotion at each rank
(This section is sent to external reviewers to provide context for candidate’s activities.)

• SECTION IV. Documentation of Qualifications
Examples of activities

• SECTION V. Procedures for Appointment and Promotion

Can be found on “Promotion and Tenure” page of the COD OFA website
The 3 “Pillars” of Promotion
Clinical Associate Professor (Non-Tenured Clinical/Educational Track)

Faculty at this rank must have demonstrated sustained commitment to and **excellence in education, patient care/clinical activity and service** within the College of Dentistry. It is expected that this will include acceptance of ongoing **leadership assignments** in one or more of these areas. Candidates should show promise of becoming leaders in their fields, and should have attained **recognition at the state and/or national level**. This rank signifies a high level of professional accomplishment and a significant commitment by the faculty member to the College and University programs.

Faculty at this rank will **ordinarily** have completed **at least five years** as an Assistant Professor or equivalent at the time of promotion or appointment, although exceptional candidates with less time in rank as an Assistant Professor may be considered. Additional time in rank may be required for NT-CE faculty with a part-time commitment. Promotion or appointment as Clinical Associate Professor is usually recommended when the candidate has achieved the following **norms**:

- Demonstrated **excellence in educational activity**;
- Demonstrated **excellence in patient care**, when appropriate or equivalent **clinically-related activities** if appropriate to the candidates assigned role;
- Demonstrated excellence in department, college, university and professional **service activities** consistent with college and university mission statements;
- Evidence of **scholarly activity**, as related to education, patient care/clinical activity and service although documented publications are not necessary; and
- **Eligibility for board certification** (American or state specialty) when appropriate, or if a general dentist, documentation of exceptional performance related to the norms or acquisition of an **additional degree** (for example a Master’s degree in an academic discipline).
**Clinical Professor** (Non-Tenured Clinical/Educational Track)

Faculty at this rank must have documented excellence in the areas of education, patient care/clinically related activity, service, and scholarship as relevant to their assigned roles in the college. Faculty at this rank should have demonstrated significant understanding and application of best practices in educational activities, originality in their teaching and should be engaged in service and scholarly activities. They should be leaders in their field and should have attained national and/or international peer recognition. This rank signifies an extremely high level of professional accomplishment and is not awarded solely based upon years in rank. Documentation of excellence is required.

Faculty at this rank will ordinarily have completed at least five years as an Associate Professor or equivalent at the time of promotion or appointment, although exceptional candidates with less time in rank as an Associate Professor may be considered. Additional time in rank may be required for NT-CE faculty with a part-time commitment. There must also be a reasonable expectation that the academic career of the candidate will continue. Promotion or appointment as Clinical Professor is usually recommended when the candidate has achieved the following norms:

- **Excellence at the highest level in 2 or more areas** of educational activity, patient care/clinical activity, scholarship, and service;
- Evidence of scholarly publications, in peer-reviewed or non-peer reviewed journals;
- Achievement of recognition by peers at the college, university, and/or national/international level;
- Achievement of board certification (American or state specialty) when appropriate, or if a general dentist, documentation of exceptional performance related to the norms or acquisition of an additional degree (for example a Master’s degree in an academic discipline).
IV. DEMONSTRATION OF QUALIFICATIONS

2. Educational Activity

a. Evidence of progression of teaching leadership within the respective Department, College of Dentistry and/or University. For example, progression from course development into Course Co-Director/Director.

b. Curriculum development and dissemination in the COD.

c. Development and dissemination of evidence-based teaching materials, including, but not limited to, lectures, PowerPoint presentations, course manuals, Blackboard sites, and contributions, handouts, patient case scenarios, OSCE examinations, Evidence-Based Case Scenarios, etc.

d. Recognition by pre-doctoral and post-graduate/graduate students of teaching excellence.

e. Participation in the development, adoption, and dissemination of the College of Dentistry curriculum.

f. Evidence of clinical teaching excellence as documented by student/peer evaluations of performance. Systematic and standardized evaluation of faculty educational activity is used to gauge an instructor's relative standing compared to colleagues in the department and in the College. Faculty evaluation of teaching must be presented when available. In addition, when available, normative comparisons are also important to include in comparing faculty to others in the College and Department. The results of standardized evaluations will significantly influence decisions when the candidate is consistently judged by students to be at either extreme of the distribution of educational effectiveness.

g. Development and presentation of CE programs in the College of Dentistry, University, and/or programs at local/regional/national meetings.
How are results shared and disseminated and recognized?

Research
- Hypothesis & Experimental Design
- Experiment & Data
- Results: Share with lab, Publish Manuscript

Process
- Goals & Preparation
- Methods & Implementation
- Activity & Results

Teaching
- Teaching Strategy & Plan
- Teaching Portfolio
- Student Ratings

- Department
- College/University

Regional
- Conferences
- Peer Institutions

National
- Reviewed manuscript
- Invited Speaker

International
- Invited Speaker
- Keynote Speaker
What do I need to do in order to be promoted?

First Steps:

• Understand the College guidelines and criteria, and work towards fulfilling them.

• Discuss progress *regularly* with your Department Head.
Annual Faculty Self-Assessment

Faculty Professional Career Development Needs Assessment –
Please assess your needs regarding your professional development.

1. **Mentoring**
   a. **Junior Faculty only** (Assistant. Prof., Research Asst. Prof. or Clinical Asst. Prof):
   Please indicate who you consider to be your primary mentor(s); if mentor is external to UIC COD, please include affiliation:
   Click here to enter text.

   b. **All Faculty**: I feel that I need additional mentors.  Yes☐ No☐
   If yes, please indicate type/area of expertise needed.
   Click here to enter text.

2. **Professional Development**
   (COD Development Resources: [http://dentistry.uic.edu/faculty/professional_development/](http://dentistry.uic.edu/faculty/professional_development/))
   Please list any career development goals and activities planned for 2016-2017; include any anticipated funding support for these activities.
   Click here to enter text.

3. **Promotion/Tenure**
   Please review the COD Guidelines and Norms for Promotion
   Describe interest/progress toward promotion as outlined in the COD Promotion and Tenure Guidelines.
   Click here to enter text.

---

I have reviewed my progress with my Department Head and believe I should be considered for promotion during the 2016-17 cycle.  Yes☐ No☐
**Promotion Glossary**

**Candidate** – YOU!

**Dossier** – The promotion document; also known as the promotion “package” or “the case”.

**Preparer** – A senior faculty member who is at or above the rank of the candidate seeking promotion and is responsible for the content, accuracy and presentation of the dossier. This person is usually the Unit Executive Officer (UEO = Department Head); if the DH is ineligible, the Dean will assign a senior faculty member to assume the role.

**Coordinator** – Administrative assistant who helps the Preparer with the compilation and formatting of the dossier.

**Review Committee** – Faculty at the department, college and campus levels that review the dossier and evaluate it’s merit as compared to the *norms of the college*. Committee composition is determined by the department, college and university bylaws. The committee votes to endorse the case. Committee members may only vote on a case that considers promotion at or below their rank and they may only vote at the lowest level of the review process.
The Process of Promotion – 8 Simple Steps!

1. Department Head – Faculty Decision
2. Package Preparation
3. Departmental Committee Review/Vote
4. College Committee Review/Vote
5. Dean’s Endorsement
6. UIC Campus Committee Review/Vote
7. UIC Provost-Chancellor Endorsement
8. Promotion!!!
COD Timeline in detail

- **March - May**  DH identify faculty who will be nominated for promotion
  (Note: Probationary faculty in Year 5 MUST be nominated)

- **June - July**  Nomination packages constructed/ External Eval Requests

- **August**  Departmental Review and Vote completed

- **September**  Completed packages submitted to College

- **October**  College Committee Review and Vote

- **November**  FINAL Paper and Electronic copies to COD OFA
  Dean’s Review and Endorsement

- **DECEMBER**  DOSSIERS SUBMITTED TO CAMPUS OFA

- **February**  Campus Committee Meets

- **Feb-March**  Faculty notified of Campus Committee Vote

- **May**  Provost-Chancellor decision announced
Important things to note

• Your Dept. Head needs to make a firm decision about your nomination by May/June.

• The preparation of the nomination package will be a jointly shared activity that involves you, your Dept. Head (Preparer), and generally the Asst. to the Head or another administrative assistant.

• The Preparer bears the final responsibility for the case.

• Once the nomination package is submitted, you, as a candidate, are to be informed of each decision in the review process, in writing.

• The College Committee on Non-Tenure Clinical Track Promotion consists of 7 members; >0.60 FTE, Clinical Associate Prof and above.
  • Committee members can only vote on those to be promoted to their own rank or lower, but they may participate in the discussion of all nominations.
What’s in the nomination package?

The Dossier

Non-evaluative Sections
I. Teaching
II. Research
III. Service
IV. Interdisciplinary Work Statement

Evaluative Section- V.
A. Peer Evaluation of Teaching
B. External Letters of Reference
   • No less than 3, no more than 5, solicited by your Preparer
   • Your DH will request these letters
   • The references must be unbiased, impartial experts in your field at the rank of full professor or equivalent
   • Cannot be past or present collaborators, mentors, or close associates
C. Letters of support from collaborators (if applicable)
   • Your DH will request these letters. Your DH may ask you for names of collaborators. Either external or internal are fine.
D. Letters of support from others in the college/UIC (optional)
   • Some DH like to include these, others do not
THE PROMOTION DOSSIER – A BASIC VIEW

Dossier

Non-evaluative (Candidate’s CV)
- Teaching
  - Courses
  - Advising
  - Supervision
  - Development
  - Evaluations
  - Awards
- Research
  - Honors
  - Certification
  - Grants
  - Publications
  - Presentations

  - Students
  - Profession
  - Public

Evaluative (Preparer)
- Peers
  - Teaching
- Collaborators (Optional)
- External 3-5
- DH
- Dean

STATEMENT 1 page

Statement of Interdisciplinary Work (optional)
More about the Personal Statements…

- ONE page limit
- Do not repeat information found elsewhere in the papers. The campus reviewers want to understand the candidate's long-term agenda, progress made, significance of the work, etc.
- YOUR VOICE in the application- what do you want to say to the reviewers?
- “Draft & Craft” – review, revise, polish; get feedback from peers & senior faculty
- Don’t end with “more of the same” – be specific about your future goals
- Statement of Interdisciplinary Work – Optional? NOT!! 😊

| Teaching Goals, Approaches and Accomplishments…discuss current efforts and progression related to the unit’s teaching mission. | Current and Planned Research, Creative, or Scholarly Work… research, creative and scholarly efforts, as well as describing accomplishments. The statement should tie together past scholarly work and how it relates to plans for future scholarly activity and to teaching and service responsibilities. The statement will be read by senior colleagues who are not technical experts. Avoid jargon and specialized technical information. | Current and Planned Service Activities…current efforts and progression of university, disciplinary, and public service activities over past years and expectations for the future. The statement should explain how these efforts fit into the unit's norms and policies. | Candidates who are involved in interdisciplinary work (or who plan to be so involved) are asked to provide a statement on the existence, nature and significance of their interdisciplinary work (i.e., teaching, research, service). |
More about the external letters…

- Candidates are *not* allowed to submit a list of potential referees to the department.

- Candidates *may* submit a list of referees whom they believe are *inappropriate* along with the reasons for their proposed exclusion.

- The request for an external reference letter *must* include:
  1) **Standardized request letter** – the DH prepares this; template in instructions.
  2) Your complete **CV** – be sure that it accurately and FULLY depicts your accomplishments.
  3) Your teaching, research, and/or service **statements** from the dossier.
  4) A statement of our **college norms for the rank** to which you are nominated.

*Optional:* Some Department Heads also include representative publications or a link to your publications.

- Discuss this with your DH early so you know what they want! Your DH may need these materials as early as May/June. Please check!

- **Candidates are not permitted access to any part of the external letters of reference, even if redacted.**
The Dossier – Forms & Instructions

- **UIC Office of the Vice-Provost for Faculty Affairs (OVPFA)**
- A link is also available on the COD Faculty Affairs site:
Welcome to the UIC Office of the Vice Provost for Faculty Affairs

Whether you are a seasoned member of the UIC faculty or a newcomer, this site offers a wealth of information and resources to help you in your career at UIC. If you have questions or wish to discuss any of the topics listed on this website, please contact the Office of Faculty Affairs and we will be happy to assist you.

RENEE TAYLOR, VICE PROVOST FOR FACULTY AFFAIRS
CLINICAL NON-TENURE TRACK:

- **Part I** – General Policies and Procedures
- **Part II** – Suggestions for the Preparation of an Effective Promotion Case
- **Part III** – Instructions for the Preparer: Contents for the Dossier Forms
- **Part IV** – Instructions for the Electronic File and Submission

- Preparer’s Dossier Forms Submission Checklist
- Coordinator’s Dossier Forms Submission Checklist
- Expected Cases Form

**CLINICAL NON-TENURE TRACK:**

Downloadable Forms (Required):

- Clinical Non-Tenure Track Forms (PC- Windows Version)
- Contract History Form
- Preparer’s Dossier Forms Submission Checklist
- Coordinator’s Dossier Forms Submission Checklist
- Expected Cases Form
1. TEACHING ABILITY AND PERFORMANCE

In chronological order, list data for the candidate SINCE the last personnel action. For faculty who are on a Q contract; who are in the non-tenure track having switched from the tenure track; who were moved into the tenure track from the non-tenure track; or who started their probationary year higher than T1, please include data since the last personnel action or for the past five years, whichever period is longer (post-doctoral data may not be included). Note any release time for sabbatical, fellowships or any other reason.

A. ACTIVITIES

1. Courses Taught

"Required" refers to courses that all students must take in order to complete a degree program or specialization, including minors and/or concentrations. "Selective" refers to courses that are on a list of two or more courses from which the student must select one or more in order to complete a degree program or specialization. "Elective" refers to courses that are not required for any degree but which may be used toward elective hours in a degree program.

Excerpts from P&T Guidelines Part II

SECTION 4: TEACHING

A. Role of Documentation in Establishing Quality:

Teaching quality needs to be well documented. When assertions are made about excellence of teaching, evidence must be provided. Campus-level reviewers want to credit teaching, but cannot do so without evidence.

Multiple sources of evaluation such as student evaluations of teaching, peer evaluations of teaching, and any other types of evidence of teaching excellence are required and contribute to a stronger case.

Evaluations that are very recent alone do not carry as much weight as evaluations from units that can show that there is a continuing unit process that assesses performance in the classroom, lab, seminar, or other teaching modes.

B. Team/Co-Teaching:

Where a candidate is not fully responsible for a course, the nature of the candidate's contributions to the class/course role should be clarified. Evaluative comments pertaining only to the candidate, and not of other instructors, should be included.
Common Problems/ Questions:

- Lists & Tables: Read instructions for lists & tables; chronological order (especially teaching tables, research tables, publications)
- Statements: grammar, formatting, structure; proofreading critical; focus
- Collaboration- look carefully at publications and co-authors
- Correct version of form; most recent; no form editing allowed

Review committees will review content and merit as compared to Norms & Guidelines. Errors are distracting and reflect poorly on candidate’s efforts.

1. Clinical Activity

a. Maintenance of active patient care, as appropriate.

b. Delivery of patient care using currently accepted Parameters or Standards of Care in Dentistry, and Specialty Standards, if appropriate.

c. For promotion to the rank of Clinical Professor, there is an expectation of Board Certification, when specialty educationally qualified, or equivalent for non-specialty trained faculty. Examples of non-specialty equivalency include induction in the American/International College of Dentists, AGD Fellowship or Mastership Award, AAID Fellowship, or other equivalency.
DEMONSTRATION OF QUALIFICATIONS

1. Service
   a. Internal
      i. Administrative duties and responsibilities in the Department, College, and/or University.
      ii. Committee participation and leadership (e.g. Committee Chair) at the College and/or University level.
   b. External
      i. Committee participation and leadership in professional organizations; e.g. organized medical/dental groups and societies, governmental organizations, not-for-profit organizations.
